Welcome to Bali Retreat 2011... in Dunsborough!

Of all the gifts we can give ourselves in life, the time for reflection and renewal of our spirit, a place to 'wrap ourselves up' in a beautiful environment, the chance to explore and create new ideas that hold the potential to transform our lives and the opportunity to step out of our lives without the usual pressures is absolutely priceless.

Much more casual than Bali, yet every bit as special, this retreat is especially for those that want the experience of Bali in the form of a weekend of time out a little closer to home.

We know you'll love this time, we're delighted to have you join us and know that this time for you will create lifelong memories...
